

Dear patients and families,

Well wishes to you on behalf of Dr. Srutwa, Dr. Tabatha Barber, Julie Witte, Adam Strantz, Brenda Wachter, Lisa Cobb and PrivaMD Wellness. Once again we are faced with unprecedented circumstances. In light of the new stay in place mandate from the State of Michigan, we are postponing patient visits until April 13, 2020 or when we receive a release from the Governor's office.

Dr. Tabatha, Adam Strantz and Julie Witte will still be available for follow up appointments via an E-Visit. If you have a medication refill or need to talk with a practitioner, please contact our office at 616-213-0253 and leave a message. It is our mission to return calls within 24 hours. Dr. Srutwa will make himself available for non-COVID emergency visits only.

For those clients on supplements, we will still have the ability to place orders and ship them directly to your home. Should you need a refill, please email our info@privamd.org and we will connect with you regarding your needs.

Finally, we understand that these times can produce anxiety and stress. Please know our mental health providers are available to assist you via a phone visit. We are offering these at a reduced rate of \$75.00 per visit. Feel free to email info@privamd.org or call and leave a message to schedule an appointment. A staff member will contact you to schedule.

We truly value your continued support and look forward to seeing you soon. Thank you again for your understanding, we value you and pray for your continued health and safety.

Blessings,

Heidi

Heidi Naperala, CEO & The Leadership Team at PrivaMD
